Director of Central Intelligence  
Central Intelligence Agency  
2430 E Street, NW.  
Washington 25, D. C.

Dear Admiral Hillenkoetter:

I wish to express appreciation for the courtesy shown to me during my visit at your Office on Wednesday of this week. It was a real pleasure to discuss with you a matter of deep and common interest. I have already asked for appointments with both gentlemen you mentioned during the discussion.

You were generous in your comments both on my Statement on the main subject discussed and as to my Topical Outline for the Achievements of the Smaller War Plants Corporation, for which I am also grateful.

Please bear in mind my expressed desire to make a substantial contribution to the activities of your Agency along any lines for which you consider me qualified.

Hoping to renew our pleasant association in the near future and with every good wish, I am

Very sincerely yours,

Dear Admiral Hillenkoetter:

There is attached herewith a copy of a letter on Atomic Energy which was sent to Hon. Bernard Baruch almost a year and a half ago. Upon receiving the message he phoned me from New York and discussed the matter at considerable length.

In the light of the transcendent importance of Atomic Energy for every thinking person today I felt that you might be interested to glance through my treatment of the subject. This is in strict confidence and please return the letter after giving it whatever attention you believe it merits.

When a mutually convenient opportunity is presented I should like to have the pleasure of meeting you. In the meantime, with kind regards and every good wish to you, I am

Very sincerely yours,
